

Indonesia

General Information

<p>Summary</p>	<p>Status: ETS under consideration</p> <p>Jurisdictions: Indonesia</p> <p>In 2017, Indonesia passed the ‘Government Regulation on Environmental Economic Instruments’ that provides a basis for ETS implementation; this regulation sets a mandate for an emissions and/or waste permit trading system to be implemented by 2024 (within seven years from its passage).</p> <p>In 2018 Indonesia completed a study outlining the emissions profiles and marginal abatement cost curves of the power and industry sectors, next to completing the design and governance framework of an MRV system. The MRV guidelines for the power sector were released in mid-2018. Following this, an online GHG reporting platform for electricity generators and a pilot MRV program for electricity generators in the Java-Madura-Bali grid (covering ~70% of Indonesia’s electricity demand) were launched in late 2018. The Ministry of Industry has developed an online GHG emissions reporting system for industries in Indonesia. Pilot MRV programs are being conducted in the cement and fertilizer sectors.</p> <p>A study completed in late 2018 examined four market-based instrument (MBI) options: an ETS for the power and industry sectors; energy efficiency certificates for industry; a cap-and-tax system; and a carbon offset mechanism. Based on the study and stakeholder consultation a pilot ETS was selected for further development. The Ministry of Environment and Forestry (MoEF) is currently drafting regulations for the pilot system.</p>										
<p>Year in Review</p>	<p>No information available yet.</p>										
<p>Overall GHG emissions (excluding LULUCF)</p>	<p>Emissions: 1457 MtCO_{2e} (2016)</p>										
<p>Overall GHG emissions by sector</p>	<table border="1"> <thead> <tr> <th>Sector Name</th> <th>MtCO_{2e}</th> </tr> </thead> <tbody> <tr> <td>Energy</td> <td>538</td> </tr> <tr> <td>Industrial processes and product use</td> <td>55</td> </tr> <tr> <td>AFOLU (including peat fire)</td> <td>752</td> </tr> <tr> <td>Waste</td> <td>112</td> </tr> </tbody> </table>	Sector Name	MtCO _{2e}	Energy	538	Industrial processes and product use	55	AFOLU (including peat fire)	752	Waste	112
Sector Name	MtCO _{2e}										
Energy	538										
Industrial processes and product use	55										
AFOLU (including peat fire)	752										
Waste	112										
<p>Overall GHG reduction target</p>	<p>BY 2030: 29% below BAU by 2030 incl. LULUCF (unconditional NDC); up to 41% below BAU by 2030 incl. LULUCF (NDC conditional on international support)</p>										
<p>Carbon Price</p>	<p><i>Current Allowance Price (per t/CO_{2e}):</i> No information available yet.</p>										

ETS Size

Emissions covered by the ETS

No information available yet.

GHG covered	No information available yet.
Sectors covered and thresholds	No information available yet.
Point of regulation	No information available yet.
Number of liable entities	No information available yet.
Cap	No information available yet.

Phases & Allocation

Trading period	No information available yet.
Allocation	No information available yet.

Flexibility

Banking and borrowing	No information available yet.
Offsets and credits	No information available yet.
Market Stability Provisions	No information available yet.

Compliance

Compliance Period	No information available yet.
Monitoring, Reporting, Verification (MRV)	No information available yet.
Enforcement	No information available yet.

Linking

Links with other Systems	No information available yet.

Developed and designed by [Lucid.Berlin](#)

In line with ICAP's mandate, the ICAP ETS map exclusively covers cap-and-trade systems for greenhouse gas emissions. Information displayed on the map is regularly updated by ICAP Secretariat staff based on official and public information as far as possible and subject to annual peer review by government representatives from the covered systems. Although the information contained in the map is assembled with utmost care, ICAP cannot be held liable for the timeliness, correctness and completeness of the information provided.
