

SCALING MARKET SOLUTIONS. POWERING PROGRESS & GROWTH

Organised by:

IETA

Co-Hosts:

Financial Services and the Treasury Bureau
The Government of the Hong Kong Special Administrative Region
of the People's Republic of China

SFC
證監會

HKEX
香港交易所

Collaboration Partners:

Environment and Ecology Bureau
The Government of the
Hong Kong Special Administrative Region
of the People's Republic of China

Introduction

[Asia Climate Summit \(ACS\)](#) #ACS2026 is the leading gathering of carbon market practitioners, experts, and governments from across Asia Pacific. Organised by IETA, ACS is an in-person event taking place 7-9 July at the Hong Kong Convention and Exhibition Centre, in Hong Kong SAR China.

Bringing together around 600 delegates from across the APAC region and internationally, the Summit offers a unique opportunity to gain insights into the latest regulatory developments, enhance your carbon market expertise, and foster meaningful business connections.

ACS addresses how to best drive corporate decarbonisation strategies, gather regional market intelligence with global perspectives, focusing on how market-based solutions can drive credible climate action, investment and sustainable growth. The programme focuses on the next steps for climate action in Asia and internationally, collaboratively moving the needle on delivering climate action and transition finance at scale.

Daily Snapshot

7 July: Summit Sessions, Side Events, Member Meetings & Welcome Reception

8 July: Summit Sessions, Side Events & IETA Nightcap Reception

9 July: Summit Sessions, Side Events

Practical Information

- For **speaking opportunities and sponsor visibility**, contact Lisa Spafford, spafford@ieta.org - Visibility Packages available [HERE](#)
- Attend as a **delegate**, contact Awa Antille, antille@ieta.org
- For **media**, contact Christian Mosquera, mosquera@ieta.org
- **Summit venue**: Hong Kong Convention and Exhibition Centre, 1 Expo Dr, Wan Chai, Hong Kong SAR China

Summit Agenda Overview (subject to updates)

PRE DAY - MONDAY 6 JULY

10:00-16:00 **By Invitation Only Meeting – Verra Workshop on VM0050**
Methodology: Energy Efficiency and Fuel-Switch Measures in Cookstoves

For more information and to request an invite please contact Christina Irven, cirven@verra.org

DAY 1 - TUESDAY 7 JULY

8:30-9:30 Registration & Welcome Refreshments

9:00-10:30 **IETA Members Only Meeting – APAC Working Groups Roundtable**

9:00-12:00 **By Invitation Only Meeting – Verra Workshop on VM0050**
Methodology: Energy Efficiency and Fuel-Switch Measures in Cookstoves

For more information and to request an invite please contact Christina Irven, cirven@verra.org

9:30-10:30 **Workshop 1 – Promoting Integrity of Carbon Credit Market Transactions:
The Legal Nature of Carbon and Role of Regulation**

Since the introduction of carbon credits in the 1997 Kyoto Protocol, their legal status within both voluntary and compliance markets has continued to evolve. Establishing legal certainty is essential to facilitate transactions and attract investment in this growing sector. The global nature of carbon markets, coupled with the absence of centralised governance, leaves the system vulnerable underscoring the urgent need for robust regulatory frameworks.

Moderator: Peter Zaman, Partner - HFW

Speakers:

- . Ting Sim, General Counsel - GenZero
- . Megumi Muto, Senior Managing Executive Officer, Deputy Chief Sustainability Officer - Mizuho Financial Group
- . Kelvin Low, Professor - The University of Hong Kong
- . Wang Haijun, Senior Partner - Beijing DHH *

10:30-11:00 Tea & Coffee Break

11:00-12:30 **IETA Members Only Meeting – China Working Group**

11:00-11:45 **Workshop 2 – Bridging Platforms and Pathways: Scaling Low-Carbon Markets and Corporate Net Zero in Asia**

This panel brings together leading Guangdong–Hong Kong–Macao Greater Bay Area exchanges to explore how physical energy markets, environmental commodities and financial instruments support real economy decarbonisation. The panel will also examine how cross-regional collaboration, market interoperability and scalable mechanisms can accelerate China’s transition toward a low-carbon economy.

Moderator: Ken Chiu, Head of Carbon & ESG Products - Hong Kong Exchanges and Clearing (HKEX)

Speakers:

- . Zhang Qiaoling, Chief Legal Counsel and Compliance Officer - Guangzhou Power Exchange Centre
- . Wu Guoshan, Index Division - Guangzhou Futures Exchange
- . Liu Jun, Deputy Director, Trading Services Department - Shenzhen Green Exchange
- . Xu Shangfei, Head of Market Promotion - Shenzhen Stock Exchange
- . Duan Yiran, Business Manager - China Central Depository & Clearing Co (Shenzhen Branch)

11:45-12:30 **Workshop 3 – Advancing Corporate Net Zero Pathways Across Asia**

Corporates across Asia are accelerating decarbonisation efforts to achieve net zero and strengthen long-term competitiveness. This panel will bring sustainability leaders together and discuss their climate transition journeys – from integrating decarbonisation strategies into mandatory ESG and climate reporting, to balancing risk and return and leveraging environmental markets – to meet sustainability goals and stakeholder expectations.

Moderator: Elaine Ng, International Affairs and Sustainable Finance - Securities and Futures Commission (SFC)

Speakers:

- . Shailendra Mishra, Global Head of Sustainability: Food, Feed and Freight - OLAM Group *

- . Johnny Yu, Advisor to the Chairman; Head of Sustainability Department - Henderson Land
- . Andy Lau, Head of Corporate Responsibility and Foundation - Hong Kong Exchanges and Clearing (HKEX)
- . To be announced - Contemporary Amperex Technology (CATL)

12:00-13:15 Lunch Break

13:00-14:30 **By Invitation Only Meeting – Roundtable Dialogue: Roundtable Dialogue: The Evolving Role of Carbon Exchanges**

13:15-14:45 **By Invitation Only Meeting – Safe Harbour for Corporate Use of Carbon Credits Roundtable**

13:15-14:00 **Workshop 4 – IETA: Joining with Purpose**

What does it mean to be a member of IETA? Designed for curious, strategic organisations looking to join a global network of carbon market leaders, this session is an opportunity to gain insight into how members engage in IETA's work, contribute to policy dialogue, and help shape market-based climate solutions.

Facilitator: Kajol Tandon, India Representative - IETA

Speakers:

- . Nadiya Nair, Strategy & Development – Renewable Energy & Carbon Markets - ACT Commodities
- . Sandeep Roy Choudhury, Co-Founder & Director - Value Network Ventures (VNV)
- . Sami Izutsu, Deputy Head of Carbon Solution Business Unit - Sumitomo Corporation *

14:15-15:15 **Workshop 5 – Digital Infrastructure for Carbon Integrity: Building Trust and Interoperability in Climate Market**

This session will discuss the latest around digital tokenisation and other digital improvements in the market.

Moderator: Kishor Rajhansa, Chief Operations Officer (COO) - Global Carbon Council

Speakers:

- . Yashodhan Ramteke, CEO - EcoGuard Global
- . Andrew Howard, CEO - Climate Action Data Trust

- . Donald Chan, Director, Asia Pacific - ICVCM
- . Wei Mei Hum, Head of Asia - The Carbon Trust
- . Jon Deane, CEO - Trovio

15:15-15:45 Tea & Coffee Break

15:30-17:00 **By Invitation Only Meeting – IATA & IETA CORSIA Roundtable**

15:30-16:45 **Side Event 1 – Organised by UNFCCC Regional Collaboration Centre MENA and South Asia: Paris Agreement Crediting Mechanism (PACM) in Practice - Country Readiness and Carbon Market Opportunities in Asia Pacific**

Session 1: PACM Value Proposition and Participation Pathways: Readiness to Implementation

Session 2: Multi-Stakeholder Panel: How Governments, Project Developers, Financial Institutions, and Regional Partners are participating in PACM

Session 3: Interactive Q&A and Reflections

Side Event 2 – Organised by Verra: Navigating Verra’s Latest Article 6 and CORSIA Updates

This session will provide an overview of the latest Article 6 and CORSIA label guidance in the VCS Program, updated to streamline the process for requesting and applying these labels. Participants will have the opportunity to engage with Verra representatives, gain practical insights into the new guidance, and better understand how to position projects to participate in these important markets.

17:00-18:00 **Side Event 3 – Organised by Organised by GIZ/Federal Ministry for the Environment, Climate Action, Nature Conservation and Nuclear Safety (BMUKN), Germany**

Side Event 4 – Organised by EcoGuard: From Digital MRV to Real Transactions: Building Asia’s Article 6 & CORSIA Infrastructure

As Article 6 and CORSIA move from policy to implementation, this session explores the digital infrastructure needed to enable trusted cross-border carbon transactions. Industry leaders will discuss dMRV, registry interoperability, authorization tracking, tokenisation, and transparent transaction systems that can connect governments, registries, airlines,

investors, and carbon markets across Asia.

18:00-19:00 **Asia Climate Summit Welcome Reception**
Open to all Summit Delegates.

DAY 2 - WEDNESDAY 8 JULY

8:00-9:00 Registration & Welcome Refreshments

9:00-9:30 **Opening Ceremony – Scaling Market Solutions: Powering Progress and Growth**

Organiser Welcome Address & Facilitator: Dirk Forrister, President & CEO
- IETA

Ministerial Opening Address: Cao Yuanshu, Deputy Director of Carbon Trading Division 1, Department of Climate Change - Ministry of Ecology and Environment (MEE), People's Republic of China

Hosts Welcome Addresses:

- . Chris Hui, Secretary for Financial Services and the Treasury - Financial Services and the Treasury Bureau (FSTB), The Government of the Hong Kong Special Administrative Region of the People's Republic of China
- . Diane Wong, Under Secretary for Environment and Ecology - Environment and Ecology Bureau (EEB), The Government of the Hong Kong Special Administrative Region of the People's Republic of China

9:30-10:00 **Opening Armchair – Asia's Transition Thru Markets**

Facilitator: Hendrik Rosenthal, Director of Group Sustainability - CLP

Key Speakers:

- . Julia Leung, Chief Executive Officer - Hong Kong Securities and Futures Commission (SFC)
- . Bonnie Y Chan, Chief Executive Officer - Hong Kong Exchanges and Clearing (HKEX)

10:00-10:30 Tea & Coffee Break

10:30-10:45 **Keynote Presentation – The Climate Reality in 2026**

Facilitator: Dirk Forrister, President & CEO - IETA

Presenter: Benjamin Horton, Dean - School of Energy and Environment (SEE) - City University of Hong Kong

10:45-12:00 **Plenary 1 – Financing Asia’s Climate Transition: Capital, Environmental Markets and Partnerships**

Asia requires more than US\$1.1 trillion in climate finance annually yet faces an estimated US\$800 billion funding gap. As businesses rethink what sustainable growth really means, this session explores a central question: how do we unlock the capital required for meaningful change to create a sustainable future? We will explore how emerging environmental markets and blended financing models are shaping the next era of corporate climate transition in Asia.

Moderator: Dirk Forrister, President & CEO - IETA

Speakers:

- . Paul Chow, Group General Counsel and Group & Chief Sustainability Officer - Hong Kong Exchanges and Clearing (HKEX)
- . Genevieve Ding, Executive Director, Head of APAC Sustainability - JP Morgan
- . Oi-Yee Choo, CEO - Climate Impact X (CIX)
- . Sasha Mackler, Senior Vice President, Global Head of Strategic Policy - ExxonMobil
- . Victoria Powell, Senior Manager-ESG, Regulatory Affairs - The World Federation of Exchanges

12:00-13:00 Networking Lunch

12:45-14:00 **Side Event 5 – Organised by 1PointFive: Product-Level Accounting - Achieving Deeper Decarbonization with CDR Credits**

There is increasing emphasis on product-level accounting, particularly focusing on the production of fuels with CDR credits as a strategy for achieving deeper decarbonization at the product level. This session will explore approaches to operationalize this in the voluntary markets, leveraging accounting standards designed for global application. We will discuss ways to adapt these instruments so the combined product could be used for carbon reduction claims within sector-specific jurisdictions, such as Corsia and IMO.

Part 1: CCS+ & MoU Signing

Panelists:

- . Kishor Rajhansa, CEO - Global Carbon Council (GCC)
- . Alvin Lee, Head of Supply - Puro.earth
- . William Barrett, Vice President - 1PointFive
- . Leon Heng, Senior Managing Consultant - South Pole

Part 2: Using CDR as a Lever to De-Risk Investment

Panelists:

- . David Ungar, Managing Director - Carbon Finance Lab
- . Sylvia Low, Director of Business Development - 1PointFive

13:00-14:00 Side Event 6 – Organised by New Forests

Building high-integrity carbon at scale requires more than standards - it demands integrated systems that align land use, capital, and long-term stewardship. This session examines how landscape-scale strategies can unlock credible, investable carbon opportunities, bringing together development finance, corporate buyers, and practitioners to understand what it takes to deliver at scale.

14:15-15:05 Breakout 1 – Carbon Pricing in Emerging Markets Across APAC: From Readiness to Implementation

As emerging markets across the region launch new carbon pricing instruments, how do we ensure environmental policy instruments (CPIs) are effective and well-designed to support green growth? Focusing on Southeast Asia, this session will explore new carbon taxes, emissions trading system (ETS) pilot developments, early-stage implementation challenges, and the critical role of the private sector in ensuring effectiveness and credibility.

Moderator: Baran Doda, Senior Carbon Market Expert - ICAP

Speakers:

- . Wissarut Muangpluem, Environmentalist - Department of Climate Change and Environment, Thailand
- . Le Thi Thu Thanh, Deputy Head, General Affairs and International Cooperation Division - Agency for Innovation, Green Transition and Industry Promotion (IGIP), Ministry of Industry and Trade, Vietnam
- . Rolando O. Abad Jr., Senior Environmental Management Specialist - Department of Environment and Natural Resources, Philippines
- . Datuk Nor Yahati, Deputy Secretary General (Environmental Sustainability) - Ministry of Natural Resources and Environmental Sustainability, Malaysia *

Breakout 2 – Scaling Technology-Based Carbon Removals: From Pilots to Market

Direct air capture, biochar, enhanced rock weathering (ERW) and other novel carbon removal approaches are moving beyond pilots and seeing significant premiums in the carbon market - but the scale remains limited. This session examines what it will take to deploy technology-based carbon dioxide removal (CDR) at commercial scale in APAC, by enhancing methodological approaches and strengthening long-term demand signals.

Moderator: Kajol Tandon, India Representative - IETA

Speakers:

- . Sylvia Low, Director - 1PointFive
- . Madhur Jain, CEO - Varaha
- . Alvin Lee, Regional Lead - Puro Earth
- . Trishna Nagrani, Head of Business Development Asia Pacific – Climeworks

15:00-15:30 Tea & Coffee Break

15:30-16:20 Breakout 3 – China’s Carbon Markets & Climate Leadership: Growth, Reform and Future Developments

As geopolitical tensions rise and priorities shift, the durability of climate commitments is under pressure. Some countries have stepped back from the Paris Agreement, while compliance carbon markets face growing uncertainty over political support and ambition. Against this backdrop, China’s commitment to its climate goals is firm. China’s ETS continues to expand—moving toward an absolute cap, increasing auctioning, and covering key emitting sectors. This panel will examine the resilience of China’s decarbonisation pathway, its potential role in supporting international cooperation through Article 6 and Belt and Road initiatives, and what lies ahead for carbon markets in China.

Moderator: Zhibin Chen, Senior Carbon Market Expert - ICAP

Speakers:

- . Cao Yuanshu, Deputy Director of Carbon Trading Division 1, Department of Climate Change - Ministry of Ecology and Environment (MEE), People's Republic of China
- . Shu Wang, Key Expert - EU-China Dialogue and Cooperation on ETS-related Policies and Measures

- . Xiaolu Zhao, Senior Director Climate - Environmental Defense Fund (EDF)
- . Lu Ming Xia, Secretary General - China National Petroleum Corporation (CNPC) *

Breakout 4 – Sustainable AI Infrastructure: Greening the Data Center Boom

Rapid expansion of Artificial Intelligence is accelerating the growth of data centers across Asia, resulting in a sharp increase in energy demand. As governments and corporations pursue their decarbonisation targets, the region faces tough trade-offs. This session explores how to power this infrastructure with clean energy, minimise environmental impacts using carbon markets, and maximise AI's potential to support climate solutions.

Moderator: Pauline Wray, CEO & Co-Founder - Emerald Climate

Speakers:

- . Safina Huang, Senior Adviser - Tencent
- . Per Lindberg, Partner - Morrison Foerster
- . Adam Kirkman, Strategic Advisor - Xpansiv
- . Daniel Pointon, Group Chief Technology Officer - ST Telemedia Global Data Centres *

16:30-17:30 **Plenary 2 – What's Next for Asia's Growing Compliance Carbon Markets?**

Emissions trading systems are rapidly expanding across Asia-Pacific, with varying design and trajectories. This session will explore developments across countries such as India, Korea, Australia and more, examining pricing trends, allocation approaches, and evolving policy choices shaping the next phase of compliance carbon markets in the region.

Moderator: Sameer Kotecha, Team Lead - Environmental Products Trading, East Regulated Markets - Shell *

Scene Setting: Stefano De Clara, Head of Secretariat - ICAP

Speakers:

- . Jinah Choi, Head of Climate Investment & Development Team - Ecoeye
- . Renato Roldao, Policy Officer and Member of the Task Force International Carbon Pricing and Markets Diplomacy - DG Clima, European Commission
- . Takashi Hongo, Senior Fellow - Mitsui & Co. Global Strategic Studies Institute
- . Stephanie Russo, Managing Director - Pollination

20:30-23:30 **IETA Nightcap Reception**

Separate paid ticket required for entrance, purchased online in advance of the reception. Tickets are sold on a first come, first served basis. Tickets can be collected at the summit registration desk.

DAY 3 - THURSDAY 9 JULY

8:30-9:30 Registration & Welcome Refreshments

9:00-9:45 **Workshop 6 – Asia Pacific (APAC) Women in Sustainability & Carbon**

Join us for a session celebrating the leadership and growing impact of women in carbon markets across APAC and beyond. This workshop offers a space to connect, share experiences, and build community among professionals driving climate solutions. As carbon markets expand and diversify, promoting visibility and inclusion is essential for shaping a more equitable and effective climate finance landscape.

Facilitator: Andrea Abrahams, Senior Advisor, VCM - IETA

Speakers:

- . Susan Zhu, Chairman - Shanghai Treasure Carbon
- . Shuchi Malhotra, Lead Advisor - Carbon Markets - Environmental Defence Fund (EDF)

9:00-10:00 **Side Event 7 – Organised by China Carbon Emissions Trading Association (CETA) & Hong Kong Exchanges and Clearing (HKEX): China and the World: Advancing Development of Carbon Markets**

This session explores China's growing role in the global carbon market. It examines how stronger linkages between China and international partners can accelerate market development and effectiveness. Focusing on policy coordination and regional cooperation, the discussion highlights practical pathways to build aligned, high-integrity markets that deliver real emissions reductions worldwide in the years ahead.

Moderator: Ken Chiu, Head of Carbon & ESG Products - Hong Kong Exchanges and Clearing (HKEX)

Speakers:

- . Zhang Jianyu, Chief Development Director - BRI International Green Development Coalition (BRIGC)

- . Liao Yuan, Executive Director and General Manager - China Energy Conservation and Environmental Protection Group (CECEP)
- . Xiaolu Zhao, Senior Director Climate - Environmental Defense Fund (EDF)
- . Perumal Arumugam, Manager, Mitigation Division - UNFCCC

10:10-10:15 **Opening Remarks**

Facilitator: Andrea Abrahams, Senior Advisor, VCM - IETA

Speaker: PC Chan, CEO - Hong Kong Quality Assurance Agency (HKQAA)

10:10-11:15 **Plenary 3 – Scaling High-Integrity Voluntary Carbon Markets in Asia**

This session will explore how to scale high-integrity voluntary carbon markets in Asia, highlighting what credit buyers are looking for, and the work of The Coalition to Grow Carbon Markets. Panelists will discuss current risks, key trade-offs, evolving buyer expectations, and what is required to build trust, credibility, and impact at scale.

Moderator: Andrea Abrahams, Senior Advisor, VCM - IETA

Speakers:

- . Frederick Teo, CEO - GenZero
- . Geoffrey Seeto, Senior Managing Director, Head of Emerging Markets - New Forests
- . Charis Yeap, SE Asia Regional Lead, Green Finance and Carbon Pricing Mechanisms - British High Commission
- . Hiromi Nakagawa, Manager, Business Exploration & Creation Team - Osaka Gas

11:15-11:45 Tea & Coffee Break

11:45-12:45 **Plenary 4 – Responding to Carbon Border Adjustment Mechanism (CBAM) in Asia: Readiness, Data and Market Impacts**

As the EU CBAM has entered its definitive phase, countries in APAC are bracing for impact. This session examines the moving parts of EU policy development impacting compliance costs overseas, while also addressing issues with trust, data sharing, MRV and green competitiveness, overall influencing the region's policies and response.

Moderator: Alistair Ritchie, Director of Asia-Pacific Sustainability - Asia Society Policy Institute (ASPI)

Speakers:

- . Yan Qin, Principal Analyst - ClearBlue Markets
- . Alfredo Nicastro, Senior Vice President, Head of Carbon Markets - StoneX Group
- . Boyang Jin, National Chair of Carbon Market Working Group - European Union Chamber of Commerce in China
- . Raju Goyal, Head of Group Technical Services and Capabilities - Siam City Cement *
- . Cho Young-jun, Executive Director - KCCI Sustainable Management Institution *

12:45-13:45 Networking Lunch

13:45-14:45 **Side Event 8 – Organised by V Carbon ESG: The Super Connector in Action: Deploying Hong Kong Capital and Expertise into Pan Asian Carbon Projects**

While Hong Kong provides robust financial infrastructure, its true strength lies in its ecosystem's ability to originate, verify, and trade high integrity carbon credits internationally. This session will showcase real world case studies of Hong Kong based companies successfully developing carbon mitigation projects abroad, proving that Hong Kong is the optimal launch pad for global carbon enterprises looking to scale in Asia.

Moderator: To be announced - Asia Carbon Institute (ACI)

Speakers:

- . To be announced - HKEX Core Climate
- . To be announced - British Standards Institution (BSI)
- . To be announced - V Carbon ESG

14:45-15:35 **Breakout 5 – Natural Climate Solutions (NCS) at a Turning Point: Mobilising Capital for Forests and Nature**

As pressures from deforestation, land use change, and ecosystem degradation intensify, the potential to scale high integrity NCS continues to grow. This session examines how the evolving political and regulatory landscape is reshaping forest finance pathways, from carbon markets to blended finance models, in delivering credible climate and biodiversity outcomes.

Moderator: Pedro Barata, Associate Vice President, Carbon Markets and Private Sector Decarbonization – Environmental Defense Fund (EDF)

Speakers:

- . Terence Barambi, General Manager REDD+ & Mitigation - Climate Change and Development Authority, Papua New Guinea
- . Komal Sinha, Market Development Head of Asia - Climate Action Reserve (CAR)
- . Ella Wang, Senior Program Director, Climate Innovation Center - Tencent
- . Ravi Gupta, Senior Manager, Natural Capital and Carbon Markets - The Nature Conservancy
- . Frances Chen, Director, Sustainability and Climate Change, North Asia - HSBC

Breakout 6 – Towards Global Carbon Accounting Standards: Aligning Methods and Markets

As carbon markets expand, so does the complexity of measurement and reporting. From the GHG Protocol to SBTi and emerging corporate and national frameworks, companies face a fragmented landscape of approaches. This breakout will explore how to navigate the jungle of carbon measures, align accounting standards, and strengthen credibility across markets and value chains.

Moderator: Alexandru Popa, Associate Director - Schneider Electric

Speakers:

- . Kayser, Deputy Director - State Grid Corporation of China
- . Jin Guo, CFO - Sentinel Earth
- . Kasia Lewis, Partner, Global Center of Climate Policy - EY
- . Steffi Teo, Emissions Insight Analyst, Center of Emissions Excellence - S&P Global Energy

15:45-16:35 Breakout 7 – Accelerating the Energy Transition in Asia Pacific (APAC) Through Carbon Market Mechanisms & Innovative Approaches

The phasing out of coal is central to achieving APAC's decarbonisation targets, carbon markets are evolving to support real energy system change. This session explores transition credits, emerging carbon crediting frameworks, and innovative mechanisms designed to mobilise finance, manage transition risks, and accelerate the shift away from coal while maintaining energy security and integrity.

Moderator: William Acworth, Managing Director - Pollination

Speakers:

- . Water Cheung, Chairman - Climate Finance Asia
- . Gautam Chabra, Partner - Trilegal
- . Nadiya Nair, Strategy & Development, Renewable Energy & Carbon Markets - ACT Commodities
- . Federic Gagnon Le-Brun, Senior Consultant - The Rockefeller Foundation*

Breakout 8 – CORSIA: Addressing Market Bottlenecks and Unlocking Regional Supply

As the world advances toward broader CORSIA participation, this session spotlights the latest progress on national implementation and airline preparedness. Speakers will unpack updated credit eligibility rules, shifting procurement strategies, and the market signals shaping supply, demand, and pricing as the scheme expands. This session delivers clear insights into the policies and trends defining Asia's aviation decarbonisation landscape in 2026 platforms.

Moderator & Scene Setting Presentation: Aaron Tam, Director Market Data - Sylvera

Speakers:

- . Hideki Ochiai, Vice President, Sustainability, ESG Promotion Department - Japan Airlines
- . Kelvin Lee, Head Sustainability Asia-Pacific - IATA
- . Hoang Anh Dung, Founder & CEO - INTRACO Carbon
- . Zachary Kane, Senior Vice President - Oka

16:30-16:50 Tea & Coffee Break

16:50-17:50 Plenary 5 – Unlocking Article 6: Time to Turn Rules to Real Transactions

With Article 6 and the new Paris Agreement Crediting Mechanism (PACM) becoming operational, this session will explore how we move from rulemaking towards real transactions. Discussion will cover authorisation processes, high-level links to CORSIA, and emerging leadership from countries such as Singapore and South Korea in shaping early market activity.

Moderator: Björn Fondén, International Policy Manager, APAC Lead - IETA

Speakers:

- . Perumal Arumugam, Manager, Mitigation Division - UNFCCC

- . Daovinh Soumphonphakdy, Deputy Director of GHG Mitigation Division, Department of Environment - Government of Lao People's Democratic Republic
- . Leon Heng, Senior Managing Consultant, Policy & Strategy - South Pole
- . Marshall Brown, Head of Carbon Finance Readiness - Global Green Growth Institute (GGGI)
- . Jin Yaning, Trading and Finance Deputy Manager + 6.4 MEP Member - SinoCarbon

17:50-18:00 **High-Level Closing Addresses**

*Invited pending confirmation
